IMPACTING OUR COMMUNITY:

Communities In Schools of Chatham County celebrates 32 years of making a difference in the lives of thousands of Chatham County's youth and their families! Join us as we lead our community forward to inclusively serve more children with connections to caring adults who can support their success in school and in life.

OUR MISSION:

To surround students with a network of support empowering them to stay in school and achieve in life.

OUR PROGRAMS:

CIS programs offer children and youth ages 5 to 19 the promise of individualized, accessible, and sustained supportive relationships with adults in schools and community settings to help them realize their full potential. Trained professionals and qualified volunteers work with youth to address their individual academic, emotional, and basic needs with evidence-based methods in partnership with schools, health providers, and other community organizations. All services are free of charge including support of Spanish speaking bilingual staff.
